Dear Sir/Madam,

I have known Dr. S. Ayyappan for several years now. I got in touch with him when my pet Labrador 'Calvin' was found to have a defect in his leg. Dr. Ayyappan readily agreed to fly to New Delhi from Chennai, a 2-hour flight, to operate on Calvin who required three more surgeries later, all done by this wonderful surgeon.

Dr. Ayyappan is a very good human being and seems to understand animals very well. He is highly rated in India for his skills.

Yours faithfully,

M.K. Razdan
